Serving the Beverly Hills /
Morgan Park area of
Chicago

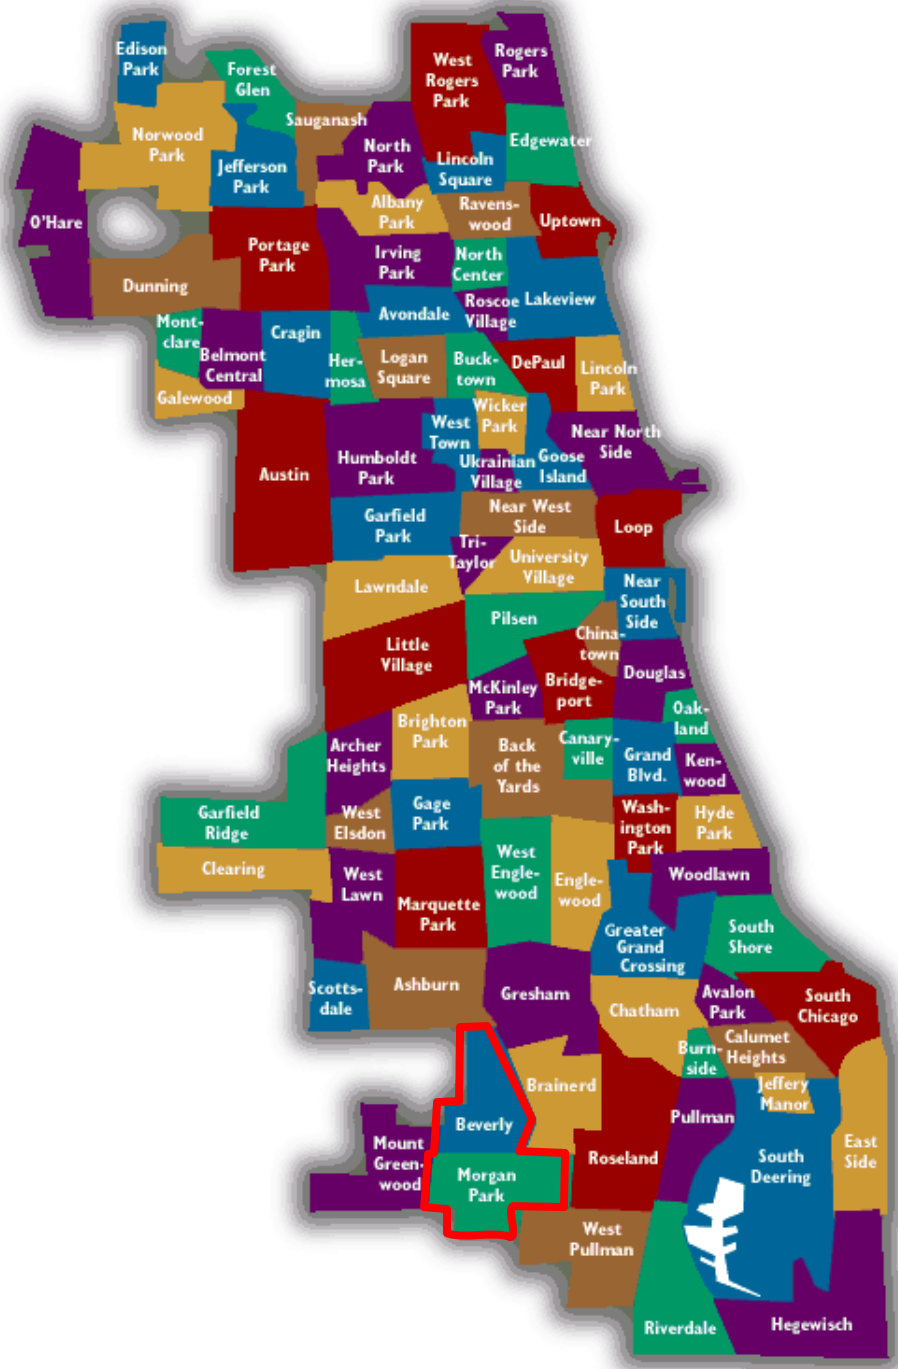

The Beverly Area Planning Association (BAPA) is a not-for-profit, community-based alliance of more than a dozen civic and business groups dedicated to serving the historic Beverly Hills/Morgan Park neighborhood of Chicago.

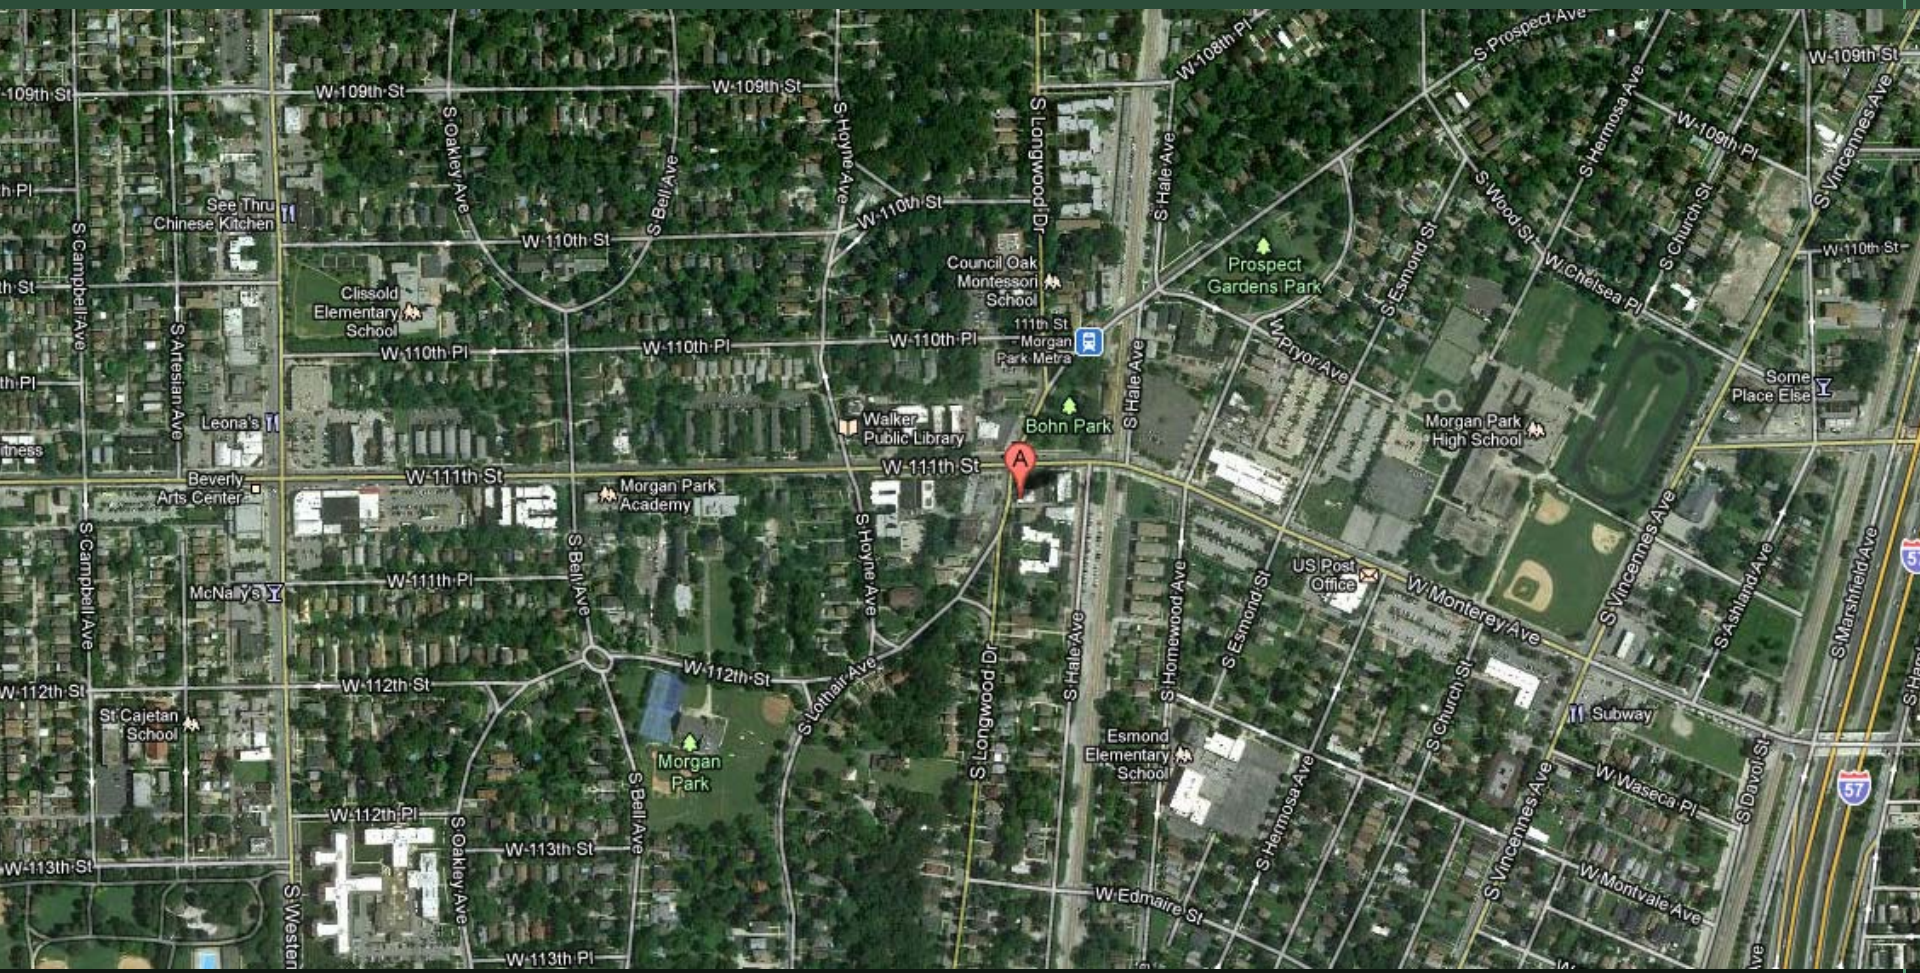

Welcome ... the Village in the City

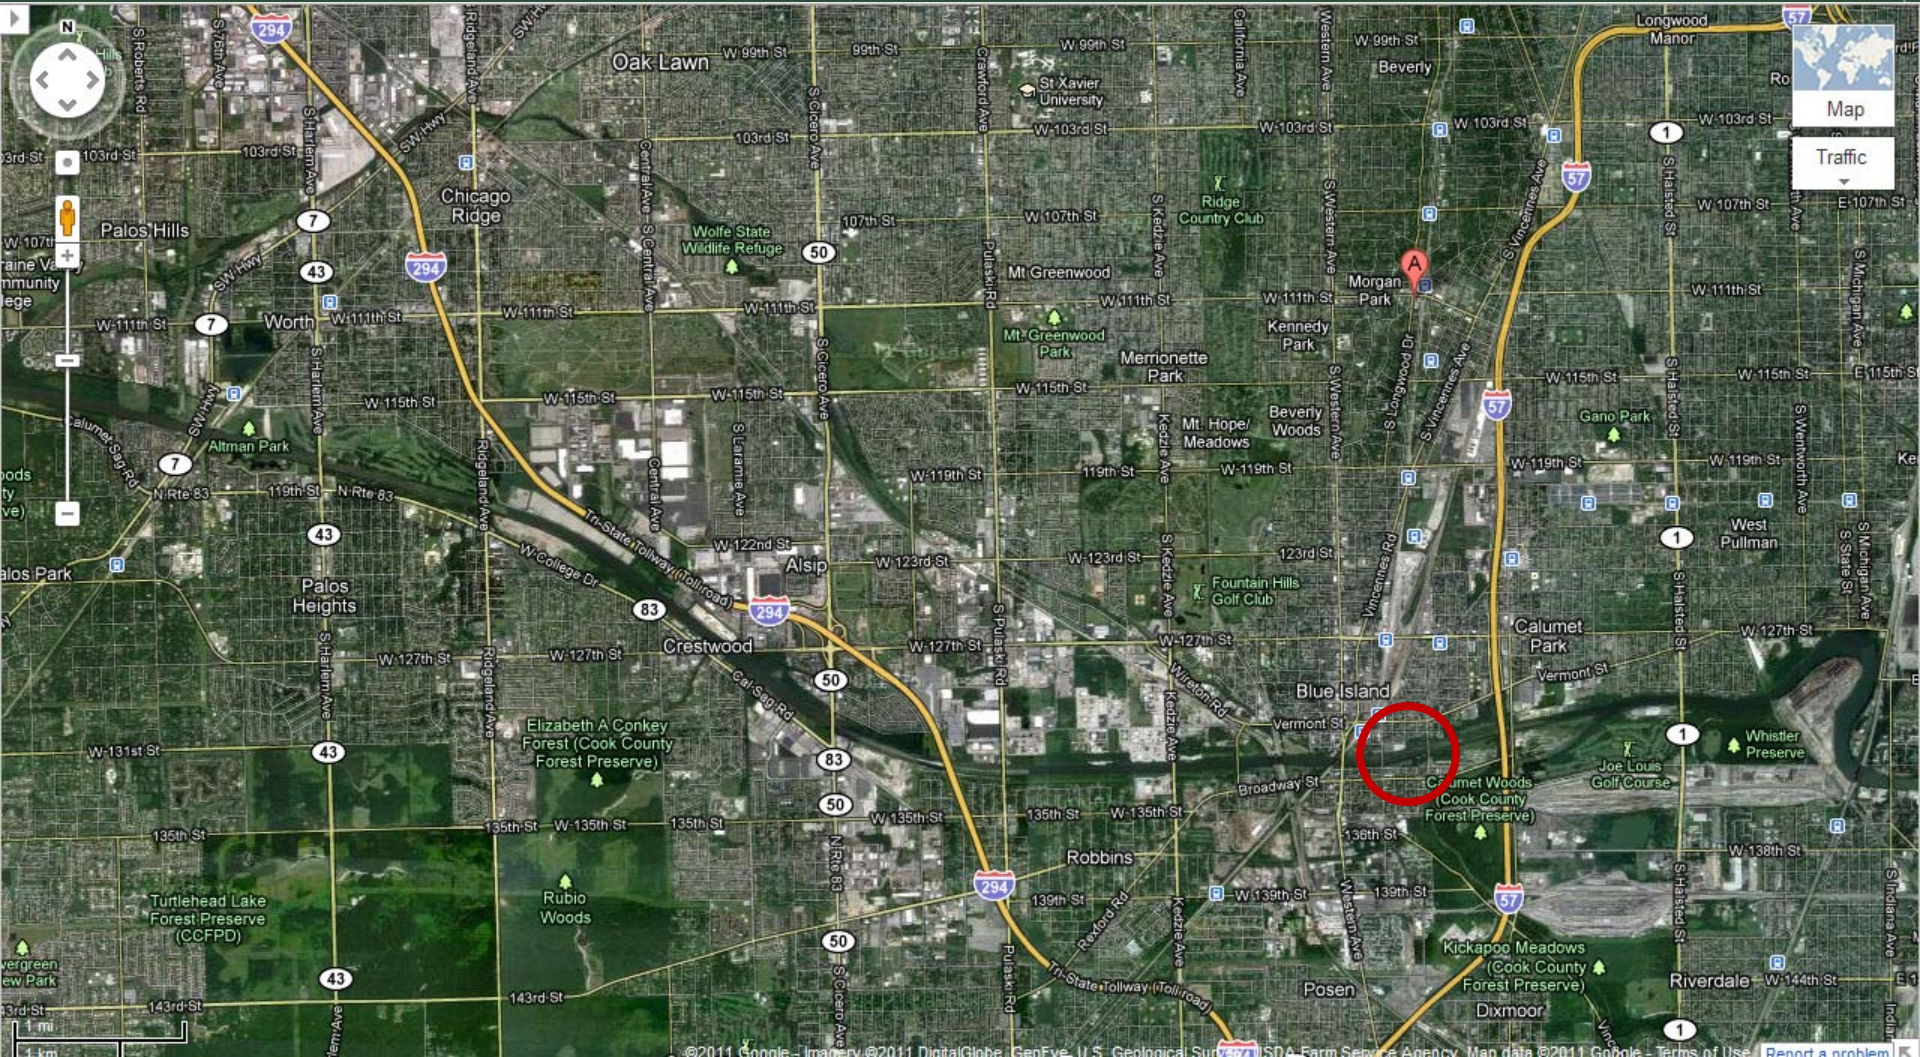

Welcome to the new www.bapa.org! Visitors will find the new site visually appealing and easy to navigate. It is a comprehensive resource for information about BAPA, the Beverly/Morgan Park community and its organizations, as well as community events, BAPA's Trades Referral, neighborhood businesses, The Villager and lots more! This handsome new site was the work of many neighborhood people and their ideas. The graphics were the work of neighbor Debbie Nemeth, the site was developed by Nelix, Inc., and the project was managed by neighbor Melody Camp of Smart Computing. The new site was funded by a grant from AT&T.
