# CALUMET STORMWATER COLLABORATIVE

Agenda – April 3, 2020  
10:00 a.m. to 11:30 a.m.

Zoom meeting; [click here to join](#)  
(Add to [Outlook](#) or [Google](#) calendars)

- Welcome + Introductions → **Webcams on, please!**
- Member Updates
- Discussion: *As governments respond to COVID-19, many groups are advocating for nationwide rental assistance, expanded SNAP and unemployment benefits, protections for incarcerated individuals, assistance for water/wastewater utilities, and more. **Urban flooding is missing from these conversations, though**, and people are being asked to stay home just as the rainy season is about to begin. In light of this:*
  - What actions should Federal/State government take? (ex. stormwater infrastructure in stimulus package)
  - What should we be advocating for locally? Is there a clear CSC role?
  - How can we help people help their neighbors? How can we help prepare local governments to help?
- Presentation: Update on MWRD Stormwater Master Planning Process
  - Rich Fisher, Metropolitan Water Reclamation District of Greater Chicago
  - Brian Wawczak, Metropolitan Water Reclamation District of Greater Chicago
- Wrap-up
