GIBI Website metroplanning.org/gibi

The screenshot shows a web browser window with the following elements:

- Browser Tab:** "Stormwater Management - Met x"
- Address Bar:** "metroplanning.org/work/project/23/subpage/6?utm_source=%2fgibi&utm_medium=w..."
- Page Header:** "Metropolitan Planning Council" with an orange arc above the text. A "Menu" button is visible in the top right corner.
- Main Content Area:** A blue banner with the text "Stormwater Management" and the subtitle "Building resilient communities by improving stormwater planning and investments".
- Social Media:** A row of five circular icons for Facebook, Twitter, Print, Email, and Chat.
- Section Title:** "Green Infrastructure Baseline Inventory" in a large, dark grey font.

Green Infrastructure Baseline Inventory (GIBI) of the Calumet Region of Illinois

The Metropolitan Planning Council, in coordination with the Calumet Stormwater Collaborative, are currently developing the *Green Infrastructure Baseline Inventory*, a comprehensive, publicly available dataset documenting existing engineered green stormwater infrastructure in the Calumet region of Illinois. **This data will serve as an invaluable public resource to inform decisions and strategic planning to improve stormwater management across the Calumet region. The GIBI will be a free and accessible public resource to document where green stormwater infrastructure already exists in the Calumet region and how it is performing to inform future stormwater planning endeavors.**

Timeline

Data documenting existing green stormwater infrastructure in the Calumet is being gathered now through June 2021 and the data set will be live and ready for use at the end of 2021.

Contribute a Project to the Inventory

Did you play a role in the development or construction of green stormwater infrastructure in the Calumet region of Illinois? Please contribute to the inventory! Add information to the "Data" sheet in this workbook, using one row per green infrastructure installation. If a location has multiple GI installations, please use an additional row for each. When complete, please submit completed forms to Justin Keller at jkeller@metroplanning.org.

For More Information, Assistance and Alternative Submission Options

Please contact Justin Keller at jkeller@metroplanning.org or by phone at (312) 863-6033. Staff at the Metropolitan Planning Council is available to assist you in the submission process and to answer any questions you may have. More information is available at: www.metroplanning.org/GIBI

GIBI Current Tasks & Next Steps

- Collect existing data
- Contact main Calumet-region engineering firms
- Conduct direct outreach, aka “fill in the gaps”
- Build the dataset

Metropolitan **Planning Council**

Thank you!
