# INVITATION

The Chicago Housing Authority [“CHA”] and The Habitat Company LLC [“Habitat”] in its official capacity as Receiver for the development of new, non-elderly public housing, invite submissions of qualifications to become the development and property management team [“Master Developer”] to lead the multi-year, multi-phase revitalization of the Julia C. Lathrop Homes, in order to achieve the vision of the Lathrop Homes Working Group for **sustainable affordability and opportunity in the heart of Chicago, becoming the first large scale, affordable community in the U.S. to achieve LEED-ND Gold or Platinum.**

**Lathrop Homes Redevelopment RFQ**

**January 7, 2010**

# Neighborhoods Go Green!

## Sustainability Beyond LEED Buildings

**Chicago Architecture Foundation** | Mid-November 2010 - Spring 2011

Sustainability is often thought of as a collection of technologies — fluorescent light bulbs, hybrid cars, and green buildings.

But examining how we build and develop our neighborhoods is becoming an important sustainable strategy, supported by the launch of LEED for Neighborhood Development (ND).

*Come learn about a wave of new green neighborhood developments in Chicago that are using LEED-ND*

### Case Studies Featuring

**Whistler Crossing**  
**Block 37**  
**Uptown Normal**

**South Chicago Southworks**  
**Harper Court**  
**Prairie Crossing**

**Thank you**
