Jessica Riedell, Brickman Group
John Watson, Metropolitan Water Reclamation District of Greater Chicago
Julia Plumb, High Bridge
Julian Chavez, Sierra Club Illinois Chapter
Marcella Keenan, Center for Neighborhood Technology
Margaret Schneemann, Water Resource Economist at IISG & CMAP
Melissa Bella, MELA
Melissa Custic, Morton Arboretum
Mollie Dowling, OAI Inc.
Monica Giermak, Christopher B. Burke Engineering LTD
Nancy Kreith, University of Illinois Extension
Nancy Williamson, Illinois Department of Natural Resources
Sarah Coulter, Millennium Reserve

Mission Statement

"To ensure long-term functionality of storm-water infrastructure."

Where are we now?

Milestone/Task	Date
1. Design, Scope, and Conduct Stakeholder Interviews	June 2016
2. Further data gathering, follow-up survey implementation, research and writing.	July – Sept. 2016
3. Finalize and layout report	Oct-Dec 2016

Case Study Criteria

- **Maintenance Contract** (is there a plan in place to maintain the projected success of the installation?)
- **Employment Potential**
- **Public / Private property**
- **Scale** (how big is the installation?)
- **Demographics**
- **Project Purpose** (why is the GI needed? Aesthetics?)
- **Evaluation Plan** (is there a plan in place to ensure the GI is actually doing what is needed? What is the community response?)
- **Relationships** (how well are the different organizations, businesses, and communities working with each other?)

Regional Lessons Learned Topics

- **Background** (what's the problem in this city?)
- **Goal Setting** (What are the goals of this Program?)
- **Availability of Information** (Who can access data needed to assess problems with communities?)
- **Networking** (Relationships between local Communities & Businesses?)
- **Education for the Community & Businesses** (How knowledgeable are the community/businesses of its issues?)
- **Programs & Community Impacts** (What was installed/ organized to help the local economy?)
- **Stakeholders** (What organizations, businesses, donors are involved?)
- **Funding & Incentives** (Money & who benefits from participating?)
- **Policy & Legislation** (enabling environment)
